EVERYDAY NATIONALISM

A REVIEW OF THE LITERATURE

Review

Everyday nationalism as a sub-field refocuses attention on the 'masses' and human agency within nationalism studies to consider the role and relevance of the everyday, and relevance of the lived experience of nationalism. Everyday nationalism focuses, in particular, on the agency of ordinary people, as opposed to elites, as the co-constituents, participants and consumers of national symbols, rituals and identities.

The everyday nationalism approach builds on Billig's (1995) work on banal nationalism but diverts in its focus on human agency, to understand the meaning and experiences of nationhood from the perspective of those on the ground. The everyday nationalism approach therefore seeks to offer an empirical lens for Hobsbawm's (1992,10) affirmation to consider the dual aspects of nationalism, which are 'constructed essentially from above' and 'which cannot be understood unless also analyzed from below', conceived by Hobsbawm as the 'assumptions, hopes, needs, longings and interests of ordinary people'.

Banal nationalism vs everyday nationalism

Billig distinguished between banal and 'hot' forms of nationalism, to argue for considering the taken-for-grantedness of nationalism and national
